DIY CRAFT, HOME DECOR AND BRAND BLOGGER

## about the blogger

Create with Cynthia is a DIY Home Décor, Craft and Furniture Makeover Blog and Vlog, where I share tips and step-by-step tutorials for vintage enthusiasts.

This space is an expression of who I am and what I love to do. My hope is that you'll be inspired to Create with Me! I love sharing about my family of five living in the Northern California area; my boys Luke and Troy and my pups Oreo (a Havanese) and Sofy (a King Charles Cavalier). These days, it's just the five of us!

In 2015, I started this website. It sat vacant, until 2018, as I finished up my 20 year career in cubicle nation as a Corporate Recruiter in the Healthcare industry. I love painting furniture, conjuring up vintage décor diy's, drinking coffee, eating ice cream, planting flowers, long walks with my pups (preferably in the sand) where I may even fit in a Sun Salutation, sitting in the football stands watching my boys play, teaching Art Classes to women over 50 and decorating my space at the Antique Mall.

It just doesn't feel right if my home is project free. Once you step inside you'll see open paint cans, paint brushes, stencils, and a hot glue gun ready for action.
